

LONG RANGE SINGLE SHOT RIFLE

Course of Fire

The shooter starts with action open and an empty chamber. Rifle may be shouldered at the ready position. Shooter will notify the timer operator when ready.

On signal the shooter starts with the LEFT target and will fire continuously, alternating between the two (2) targets for ten (10) rounds.

Artificial rests (sticks) are allowed.

Shooter may fire course from any safe position, i.e. standing, sitting or prone.

Additional round to be loaded on the clock: may come from the body, pockets, loading blocks, belts, boxes and blankets etc.

Additional rounds cannot come from another individual or ANY bodily orifice!

Rifle Requirements

Any SASS approved single shot rifle or carbine.

All ammunition to be lead bullets, No jacketed rounds!
